

JINR Newsletter #46, 25 November 2026

Dear colleagues and friends,

A delegation of the Joint Institute took part in the China–Russia Symposium on Physics Frontiers. The event was held last week in Beijing as part of a cooperation agreement signed in October 2025. Participants exchanged experience and discussed partnership development, particularly in research, academic mobility, and personnel training.

Dubna – a town of international science – welcomed young specialists from the Commonwealth of Independent States. Representatives of Kazakhstan, Kyrgyzstan, Tajikistan, and Uzbekistan took part in the International Scientific and Educational School co-organized by JINR. They learned about the Institute's achievements and educational opportunities as well as toured the research infrastructure.

Read about the upcoming International Conference on Fundamental Properties of Matter, a grant competition for Dubna teachers, a public talk at the JINR Gallery, and much more in the latest JINR Newsletter.
